

# The Dancing Corner Dance Company

The **Dancing Corner Dance Company** is a non-profit, non-competitive dance company that provides our dancers additional performance opportunities through community service.

Our Dance Company is unique among many other dance studios in the area, since it does not participate in local or state competitions, but rather prides itself on community involvement through performances at many local nursing homes and the Nashua Holiday Stroll. The Dancing Corner Dance Company also adopts a family during the holidays and extends this wonderful opportunity to all dancers by displaying a “Giving Tree” in the waiting room with specific items from the family’s Wish-List.

## *Dancing and Community Service Come Together!*

The **Dancing Corner Dance Company**’s goal is to develop the potential of each individual while enhancing their love of dance. We discourage competition between students, but encourage each individual to challenge their personal abilities and growth. We also inspire to teach our dancers the importance of being part of a larger community, and that by participating in community service, they gain a sense of compassion, which is a key to helping them become caring adults.

## *Help Support Us!!!*

Throughout the year, the company holds various fundraisers such as our Winter and Spring Dessert Shows and a Vendor Holiday Fundraiser!

Money raised during our fundraisers helps the company with costumes and other expenses they will need to aid in their community service performances at Nashua-Area Nursing Homes!

## *Join Us!!!*

Our dance company is open to dancers ages 7 years and older who are enrolled in at least three dance classes, specifically ballet, tap and jazz classes. If interested, please speak with your dance instructor about joining our company!

*The **Dancing Corner Dance Company** has been a community-based dance company since 1996 and performs regularly at Greenbriar, Fairview/Laurel Place, Hunt Community, Mary Sweeny and Corville Community.*
